AT  
MEMORANDUM FOR:

SUBJECT : Payment of Insurance Premiums  
by Payroll Deductions

AT  
You have inquired as to the authority in the Agency to require that insurance premiums of Agency employees be paid by payroll deductions. In a memorandum of 8 June 1971 (OGC 71-0810)  analyzed the law on this subject and recommended that the Agency require just such procedures. His recommendation was approved by the Deputy Director for Support on 10 June. It thereafter is Agency policy that payroll deductions are

required for payments to Government or Agency sponsored programs and activities unless a Deputy Director determines that payment by another means is necessary or creates no significant risk to cover or security.
